Hi Lori,

Here is my understanding:

Two OA briefings for Chris:

1. The first is a general OA briefing explaining the general current state of the science and policy, as well as the litigation history.
2. The second would be specifically for OR.

We were going to do two so he didn't get totally overwhelmed and so the basics of OA could sink in a bit before we discussed the specifics of OR. I am working on scheduling both of these right now.

I am finishing the comments and working with Chris Hunter at HQ to schedule a second briefing on the rest of the proposed additions. From there I guess we figure out the next steps on that front.

I'll be in touch

with invites and comment responses soon. Thx.

Hello. I wanted to follow up on last week's HQ call. I'm not quite sure what the next steps are on moving this list through management concurrence. Was Dan going to speak to Chris about both the OA piece and the rest of the list? Are we briefing Chris on both pieces?

**Attorney Client / Ex. 5**

I want to help in any way I can. I can draft a memo on the options we have on the OA piece and describe the litigation risk if that would be useful in briefing Chris.
